PROFILE SUMMARY

Enthusiastic and detail-oriented Frontend Developer with a solid foundation in HTML, CSS, JavaScript, and modern frameworks like React.js. Experienced in creating responsive, accessible, and user-friendly web interfaces. Proficient in version control (Git) and familiar with REST APIs and backend technologies including Node.js and Express.js. Passionate about clean code, performance optimization, and continuous learning. Seeking an entry-level opportunity to contribute to innovative development teams, expand full stack capabilities, and grow within the IT industry.

PROJECTS

Book Fair web page

- This project showcases all tags and cocepts i learned while exploring HTML, making it hands on experience

Food Website

- Designed an attractive and responsive landing page for an Food delivering company showing their special dish with price details and offers.

To-do List web page

- This project demonstrates my understanding of core frontend concepts while using Bootstrap for styling instead of custom CSS, giving me hands-on experience with responsive design.
